Last Day: May 11

Days of no class: March 9

Price: \$395

Location: Lower School Classroom

Description:

Ever wanted to build your own games or apps? Love Roblox or Minecraft? Well, this is the class for you! In this course, students will learn the skills of a coder through conceiving, designing, and creating their own mobile app games. The resulting games can be shared online and texted to friends for them to play on their phones. It's a great way to combine learning with fun with becoming a game developer. You don't need any previous experience or special software to take this: all you need is your creativity and a laptop.

\* Students will need chromebooks or laptops (school provided or personal) - I pads and other tables do *\*not\** work for this class.
